**Big news!!! If you want to save money** on Legion dues. I found out the National is offering a **3-year membership** at the current rate of \$40 per year. You must sign up online, or we can help you. You must pay \$120.00 up front before 1 July 24. If you have not paid your 2024 dues yet you will have to pay 2024 plus the 3 years. By paying for three years now you save any increase that National or Department may impose down the line. The new rate in is \$40.00 per year. Several members have already taken advantage of this program.
